

# A robust analytics tool plus support from world class analysts

**Measure your success.  
Multiply your impact.**

Drive your institution's research mission forward with InCites Plus. It combines a flexible research evaluation tool with affordable access to world-class analysts who generate personalized reports so you can make confident decisions about your research programs.

Get the evidence you need to inform strategic planning, benchmark against peers, demonstrate funding outcomes and optimize collaborations.

**Confidently build  
your research  
strategy with  
trusted data and  
expert analysis.**

## Trusted data

---

Advance your institution's mission by relying on data that is accurate, objective and complete from the Web of Science Core Collection.

- Make confident decisions based on publisher-neutral data dating from 1980 to present day.
- Reference the same Web of Science data used in 75% of major research evaluation initiatives around the world.
- Demonstrate outcomes with patents and grant data sourced from Derwent Innovations Index and Pivot-RP.

## Strategic insights

Be a leader in responsible research evaluation using innovative indicators developed by the Institute for Scientific Information (ISI).

- Enable leaders and researchers to target strategic research areas, discover talent, benchmark against peers, demonstrate funding outcomes and optimize collaborations.
- Receive a personalized Research Insights Report covering a topic that aligns to your institution's strategy.
- Take action on the Research Insights Report findings. Our expert consultants deliver a custom debrief presentation that unpacks the findings and provides recommendations for next steps.

## Research Insights Report

Customized to align to your institution's strategic initiatives.

Addressable topics:

emerging research

research enterprise  
performance

rankings

open access analysis

With InCites and the guidance of Clarivate analysts, you'll maximize the value of your institution's research data and insights.

## Flexible reporting

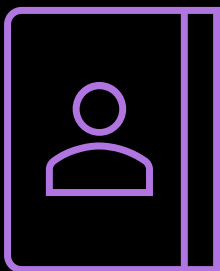

Empower stakeholders across your institution to make informed decisions with multiple report options.

- Gain insights sooner by bypassing extensive platform training and leveraging prebuilt reports.
- Expand user access to InCites, irrespective of users' analytics background.
- Distribute the professionally designed Research Insights Report broadly for use in decision points and reputational promotions.
- Receive ongoing updates and conduct additional analyses in a prepopulated InCites dashboard containing underlying data from the Research Insights Report.

## InCites Plus

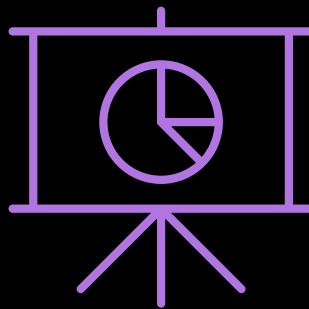

What you get:

### Research Insights Report
