

GLOBAL INSTITUTIONAL PROFILES PROJECT

Data Collection Guidebook

SECTION 4 - CATEGORIES

There is one "OVERALL" section and 6 sub-categories of data collection.

In the OVERALL section you will submit data about your institution as a whole.

This is not a sum of the different sub-categories, and you are required to enter the data manually. It is essential that you complete the OVERALL section as completely as possible, even if the same data are not available for the other categories.

The sub-categories are based on very broad subject areas. We recognize that the reporting of information for subject areas within your institution is not precise and that there may be some overlap between them.

We do not expect that the OVERALL information will be an exact aggregate of each subject area, but please ensure that it is an accurate representation of your institution as a whole.

The sub-categories are:

- ARTS & HUMANITIES
- CLINICAL, PRE-CLINICAL & HEALTH
- ENGINEERING & TECHNOLOGY
- LIFE SCIENCES
- PHYSICAL SCIENCES
- SOCIAL SCIENCES

Detailed breakdowns into the narrow subject areas that make up each broad sub-category are listed below. As we recognise that academic institutions are complex organizations whose activities are not easily categorised into uniform subject categorizations, the Profiles Project categorizations are intended as a general guideline.

Subject mapping tables for existing subject classification schemes from various regions listed on the [Support site](#) are available upon request to science.profilesproject@clarivate.com.

Approximations are acceptable, and even a limited amount of overlap between sub-categories is permitted, albeit discouraged.

It is very important, however, that these overlaps are not double counted in the OVERALL section.

ARTS & HUMANITIES

Archaeology

Architecture

Art

Asian Studies

Classics

Cultural Studies

Dance

Film, Radio & Television

History

History & Philosophy of Science

Languages, Philology and Linguistic Studies

Literature

Music

Philosophy

Theater

Theology & Religion

Arts & Humanities - Other Topics

CLINICAL, PRE-CLINICAL & HEALTH

Allergy
Anesthesiology
Cardiovascular System & Cardiology
Dentistry & Oral Surgery
Dermatology
Endocrinology & Metabolism
Gastroenterology & Hepatology
Geriatrics & Gerontology
Health Care Sciences & Services
Hematology
Infectious Diseases
Legal Medicine
Medical Ethics
Medical Informatics
Medical Laboratory Technology
Medicine, General & Internal
Neurosciences & Neurology
Nursing
Nutrition & Dietetics
Obstetrics & Gynecology
Oncology
Ophthalmology

Otorhinolaryngology
Pathology
Pediatrics
Pharmacology & Pharmacy
Psychiatry
Public, Environmental & Occupational Health
Radiology, Nuclear Medicine & Medical Imaging
Rehabilitation
Respiratory System
Rheumatology
Sport Sciences
Surgery
Toxicology
Transplantation
Tropical Medicine
Urology & Nephrology
Clinical, Pre-Clinical & Health - Other Topics

ENGINEERING & TECHNOLOGY

Acoustics
Aerospace Engineering
Automation & Control Systems
Biomedical Engineering
Chemical Engineering
Civil Engineering
Computer & Information Science
Construction & Building Technology
Earth & Environmental Engineering
Electrical & Electronic Engineering
Energy & Fuels
Imaging Science & Photographic Technology
Industrial Engineering
Instruments & Instrumentation
Marine Engineering
Materials Science
Mechanical Engineering
Mechanics
Metallurgy & Metallurgical Engineering
Mining & Mineral Processing
Nuclear Science & Technology
Operations Research & Management Science
Robotics
Telecommunications
Transportation
Engineering & Technology - Other Topics

LIFE SCIENCES

Agriculture, Fisheries & Food

Anatomy & Morphology

Behavioral Sciences

Biology, Biochemistry and Biotechnology

Biophysics

Ecology, Evolution & Environment

Entomology

Food, Nutrition Sciences

Forestry

Genetics & Heredity

Immunology

Mycology

Paleontology

Parasitology

Pharmacology & Pharmacy

Physiology

Plant Sciences

Toxicology

Veterinary Sciences

Virology

Zoology

Life Sciences - Other Topics

PHYSICAL SCIENCES

Astronomy & Astrophysics

Chemistry

Crystallography

Earth Sciences

Mathematics & Statistics

Meteorology & Atmospheric Sciences
