Re-run and manage your searches

Access your last 50 searches to re-run, save, compare or combine your searches from a single place.

1. Hover over your name at the top right. Under My work, click **Search history**.

2. Click **Run Search** to re-run a previous search. This will always give you the most recent results.
3. Click **Save Search** to save a search permanently. You will receive a confirmation message saying that the "Search has been created".
