

What is the Corporate API Rating?

The Corporate API Rating is a proprietary analytic to indicate how capable the corporate group is of supplying bulk to regulated markets - US, Japan, Australia or EU-, according to Cortellis Generics Intelligence. This information is compiled by Cortellis Generics team and validated by experts to help you evaluate suitability of working or competing with this API company.

The Corporate API Rating is found in the API Manufacturers tab to indicate the level of experience a manufacture has with regulated markets. The company may be experienced (Established), interested in different markets (Local) or have plans to work with regulated in a few years (Potential Future). Here are more details on these definitions:

- Established – Companies with years of experience supplying active ingredients to regulated market.
- Less Established – Less of a track record in supplying to regulated markets, either in terms of years of history or number of products supplied. Still considered as capable of supplying regulated markets.
- Potential Future – Interest in supplying regulated markets, but with limited or no known performance.
- Local – Supplying only to their local and other less-regulated markets; do not currently have the capability of passing inspections by regulatory bodies like the US FDA.
- Unrated – Companies for which Cortellis Generics has not assigned a rating.
- Big Pharma – Innovative companies.

Example:

The selection below was filtered to just those companies with experience working with regulated markets. Please note if you are interested in API companies currently manufacturing sofosbuvir, you'll need to sort or filter by Manufacturing Status 'Commercially' to display suitable companies.

sofosbuvir					
Product Key Insights API Manufacturers Regulatory Filings Approvals Launches & Pack Prices Constraint Date Forecast & Exclusivities Patents & SPCs US Patent Challenges Deals Scientific					
Filters Corporate API Rating (2) Regulatory Filings Manufacturing Status Country/Territory					
API Manufacturers <ul style="list-style-type: none"> <input type="checkbox"/> Big Pharma <input checked="" type="checkbox"/> Established <input checked="" type="checkbox"/> Less Established <input type="checkbox"/> Potential Future <input type="checkbox"/> Local 					
Alembic Pharmaceuticals Ltd	India	Vadodara	Commercially Available	Established	sofosbuvir
Amoli Organics Pvt Ltd	India	Vapi	Not Manufacturing	Established	sofosbuvir
Assia Chemical Industries Ltd -Teva Tech Ltd	Israel	Beer Sheva	Under Development	Established	sofosbuvir

These are API manufacturers working with regulated markets associated to Sofosbuvir.

You'll need to sort or filter by Manufacturing Status to identify their levels of production of sofosbuvir.

Also note that Corporate API Rating depends on the company not the API. This means that a company may be Established but have early development or no production of Sofosbuvir.
