

Deals Intelligence Main Page

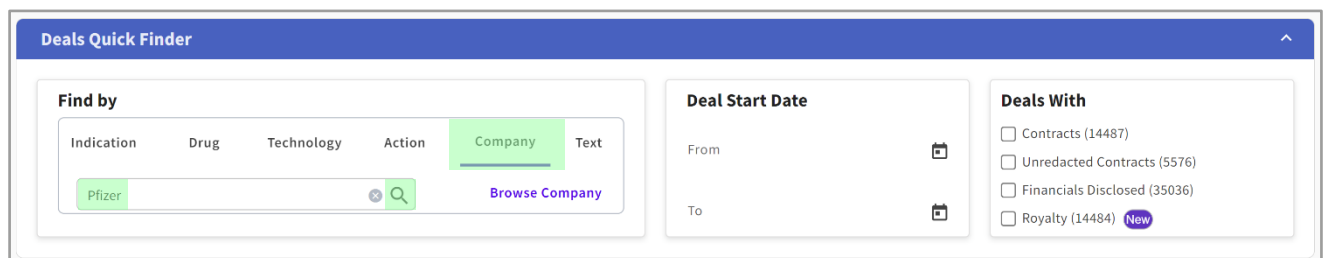

The Deals Intelligence Main Page provides a visual dashboard and quick, intuitive searching features for navigating Cortellis' comprehensive deals data.

Example: Examine all deals done by Pfizer.

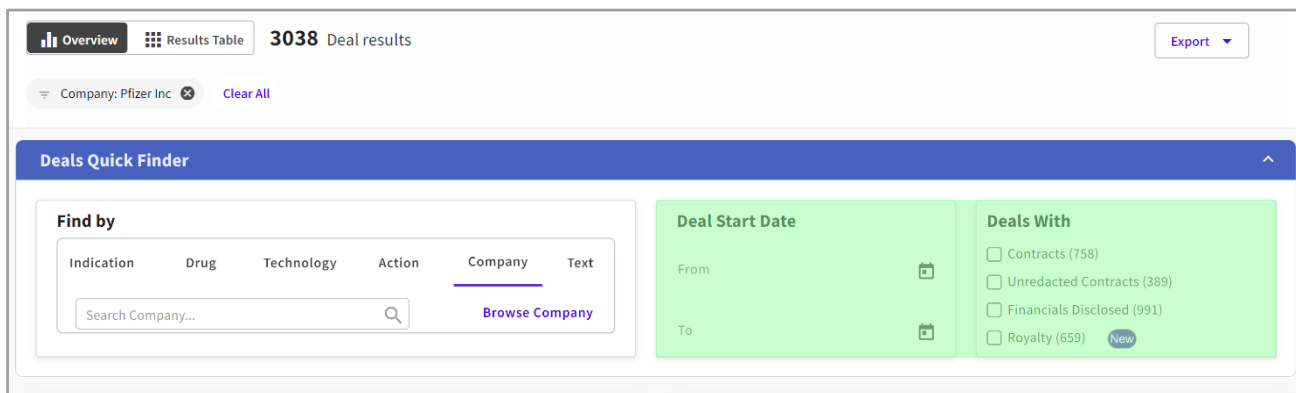

1. On the Cortellis homepage, expand the Deals Intelligence area and click **Deals Intelligence Main Page**.

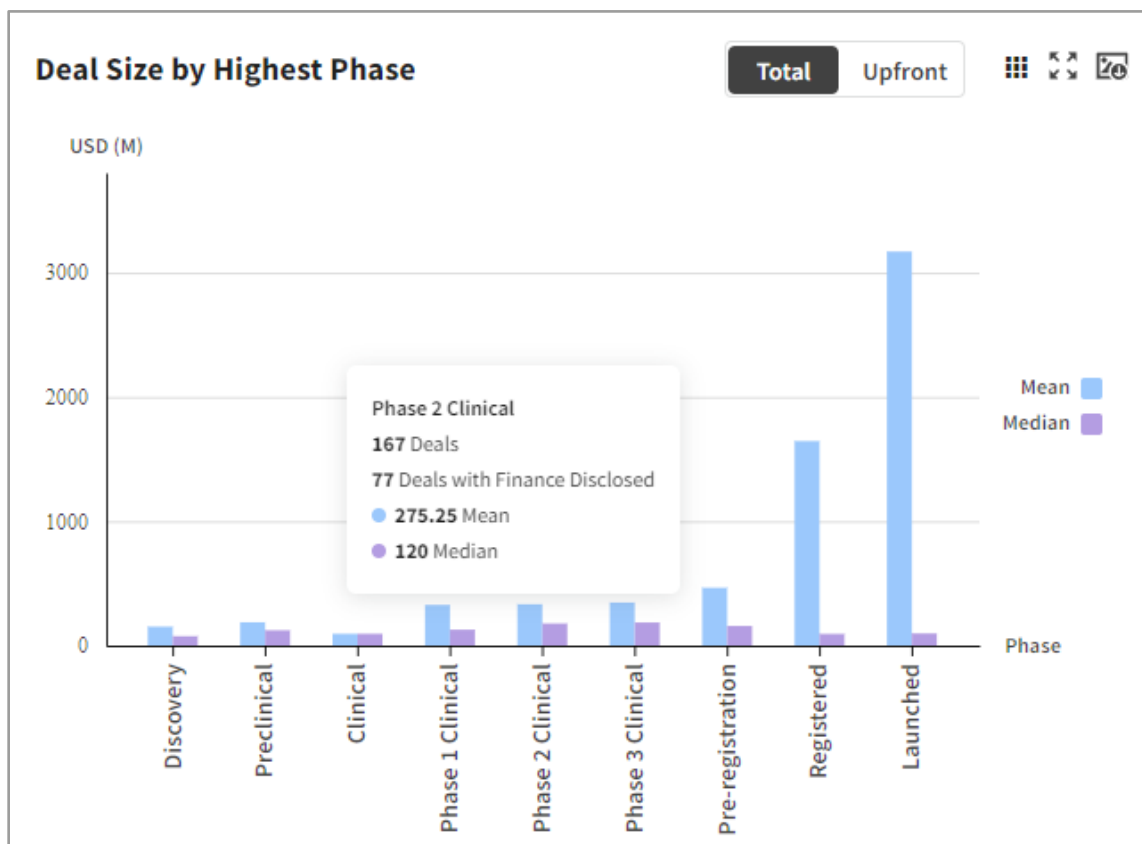

2. The Deals Quick Finder allows you to find deals using different criteria. Select **Company** and enter **Pfizer**. Click the search icon and select **Pfizer Inc.**

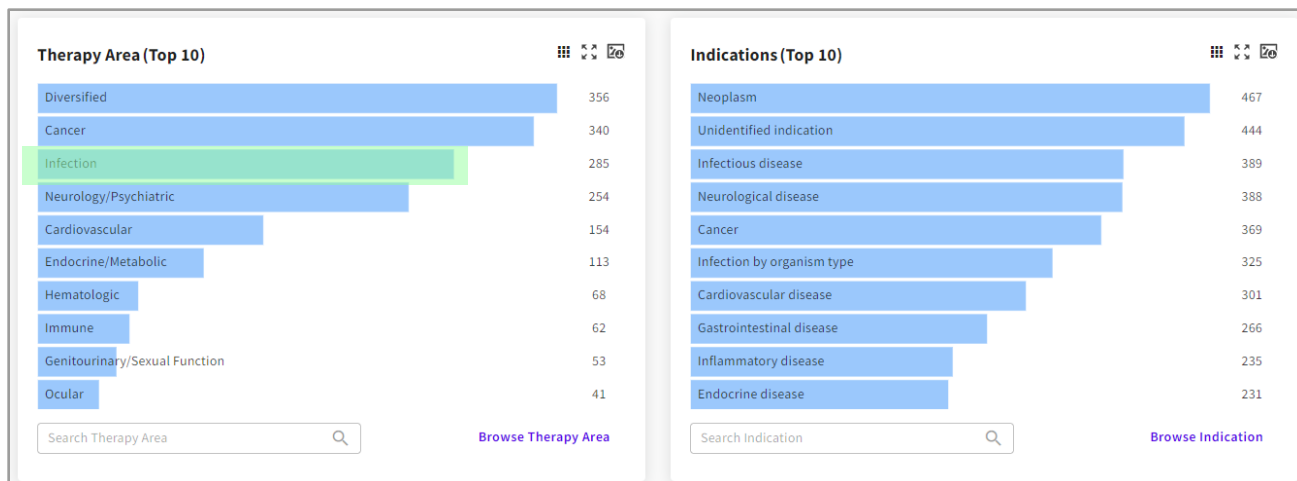

- The charts update to reflect Pfizer's deals. You can refine this group of deals using other criteria, such as the Deal Start Date or deals with contracts, financials disclosed or royalties.

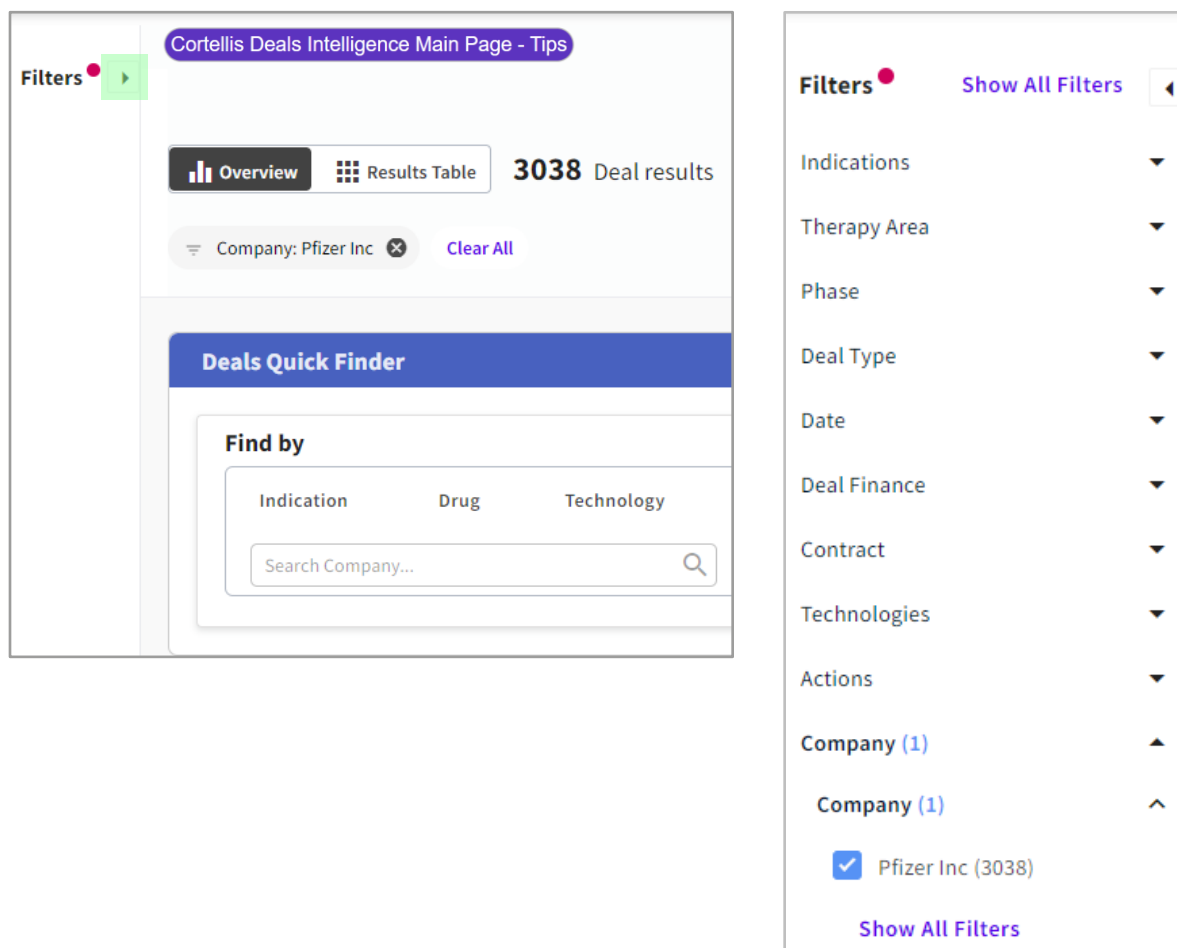

- The Deal Size by Highest Phase chart displays mean and median deal values by phase at signing. Hover over a bar for details.

- Other charts include the number of deals by therapy area and indications. In the Therapy Area chart, click **Infection** to filter for those deals. Click **Infection** again to remove that filter.

- Deals can also be filtered by expanding the **Filters** column and making selections there.

9. For tips on using the interface, click **Cortellis Deals Intelligence Main Page – Tips**.

The screenshot shows the top section of the Cortellis Deals Intelligence interface. At the top left, there is a green pill-shaped button labeled "Cortellis Deals Intelligence Main Page - Tips". Below this, there are two navigation tabs: "Overview" (selected, with a bar chart icon) and "Results Table" (with a grid icon). To the right of the tabs, it displays "123430 Deal results". On the far right, there is a search bar with the placeholder text "Search by free text" and a magnifying glass icon, followed by a link for "Advanced Search". Below the search bar is an "Export" button with a dropdown arrow.
