

Accounts Navigation Guide

You can access Accounts from <https://authentication.decisionresourcesgroup.com>

- Enter your email address in the *Work email address* field
- Press *Enter* or click *Get started*

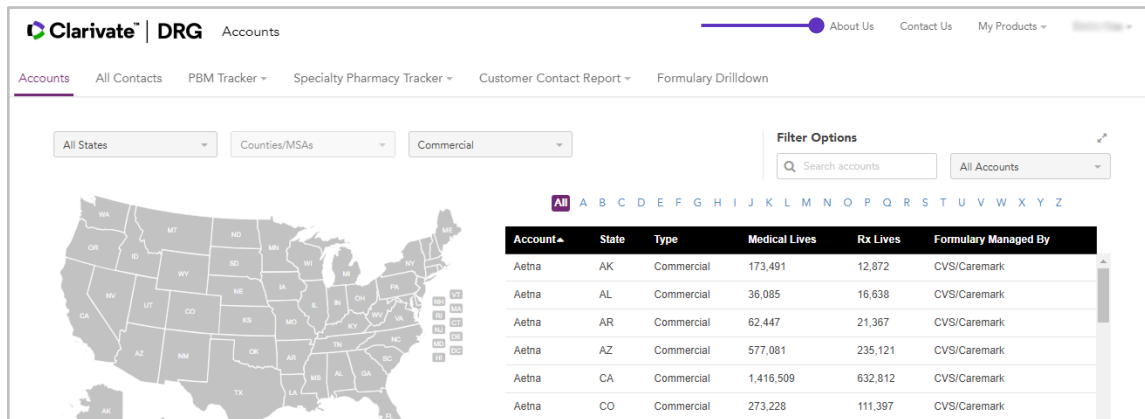

If you continue to have problems logging into Accounts, click on Email us at Healthcare.support@clarivate.com and a representative will contact you with your login credentials.

The screenshot shows the login page for Clarivate DRG. At the top left is the Clarivate logo followed by 'DRG'. At the top right are links for 'About Us' and 'Contact Us'. The main heading is 'Welcome to Clarivate DRG' in purple. Below it is the text 'Whether you are a new or existing user, enter your email address'. To the right is a form with the label 'Work email address' above a text input field containing the placeholder 'Work email address'. Below the input field is a green button labeled 'Get started'. At the bottom left, there is a link: 'Having problems? Email DRG.support@clarivate.com'.

If choosing to go to the Authentication site (landing page of products you have access to) first, you will be able to select “Today’s Accounts” from the available links.

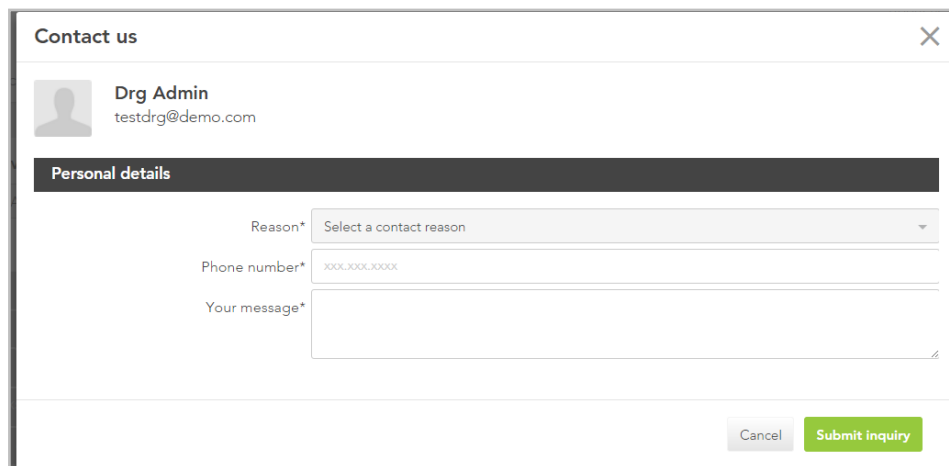

In the upper right corner you will find Contact Us and My Products.

For a selected account in the Accounts grid, lives and formulary information can be viewed by clicking on *Lives / Formulary*.

The Covered lives section displays the Medical and Pharmacy Lives distribution based on the plan type(s) selected.

The Benefit Design section displays the benefit design structure of the selected account for each of the plan type(s) selected. The following is displayed:

- Formulary – Plan name
- Benefit Design
- Benefit Design lives distribution

To view formulary data, select a plan from Benefit Design, then select your therapeutic class and drug The following will be listed:

- Drug Names
- Tier
- Status
- PA (if applicable) – PA forms may be available if contracted for PA forms
- QL (if applicable)
- ST (if applicable)
- OR (if applicable)

When icons are represented, they can be clicked on to display a popup window. This will provide addition detail around a restriction or display a link to the Prior Authorization form for the plan.

The screenshot displays the Clarivate software interface. At the top, there are filters for 'All States', 'Countries/MSAs', and 'Commercial'. A map of the United States is shown on the left. A table lists accounts with columns for Account, State, Medical Lives, Rx Lives, and Formulary Managed By. The 'Aetna CA' account is highlighted. Below the table, a purple callout box states: 'Information on screen can be printed or downloaded to MS Excel'. The bottom section shows the 'Aetna CA' account details, including 'Covered lives' and 'Benefit Design'. The 'Covered lives' section shows a table with columns for Lives Distribution, Total Medical Lives, Total Commercial, Commercial Indemnity, Commercial, Total Pharmacy Lives, and Commercial Pharmacy. The 'Benefit Design' section shows a table with columns for Formulary, Benefit Design, Lives, and % of Lives. The 'Formulary' table lists various Aetna plans and their corresponding benefit designs and lives percentages.

Status definitions:

Preferred – The status assigned to a drug based on the benefit design of the chosen formulary. This status is usually associated with the lowest tier for a brand or generic drug; or is a designation given to a drug following review by a Pharmacy Committee.

Covered – The status assigned to a drug that is not reviewed for inclusion on the Preferred Drug List but is covered by the state.

Non-Preferred – The status assigned to a drug based on the benefit design of the chosen formulary. This status is usually associated with the highest tier for a brand or generic drug; or is a designation given to a drug following review by a Pharmacy Committee.

Specialty – The status given to a specialty product when it is covered with a copay/co-insurance dedicated to specialty drugs. Specialty drugs are usually injectable, require special handling, or are expensive.

Medical – The status given to a drug covered under the medical benefit.

Not Covered – Drugs that are not covered by the plan.

Not Available – Formulary data for this drug/health plan are not available.

If licensing DRG's Restrictions platform, users will be able to click on a restriction criteria. A pop-up will display additional information, where available. This includes restriction criteria and access to Prior Authorization and Medical Policy forms.
