

Find drugs with a specific regulatory designation

Cortellis Competitive Intelligence

It's easy to quickly find drug reports with regulatory designations of interest.

Example: Find all drugs with Orphan Status.

The screenshot shows the Cortellis Competitive Intelligence dashboard. At the top, there is a search bar with a dropdown menu set to 'All' and a search input field containing 'Search Cortellis'. Below the search bar are links for 'Advanced search' and 'Structure search'. The main content area is titled 'Competitive Intelligence' and features a sidebar with navigation options: 'Drugs', 'Literature', 'Patents', and 'Patent gazette'. Under the 'View All' section, there are buttons for 'Drugs', 'Companies', 'Patents', 'Literature', and 'Broker research'. The 'Drugs' button is highlighted with a purple border. A callout box with a purple border points to this button and contains the text: '1. On the Home Page click "Drugs" under "View All" in the Competitive Intelligence Panel'. The main content area also shows a 'Drugs' filter panel with 'From' and 'To' date pickers (30/04/2020 and 07/05/2020) and a 'Status' dropdown menu set to 'Launched'. Below the filter panel, a partial view of a drug entry is visible, showing 'Mundiph...'. The Cortellis logo is in the top left corner.

2. Click the “Filters” link and Select “Regulatory Designations” and “Orphan Drug”. Select any other filters required and click “Apply”.
