

# Cortellis Drug Discovery Intelligence

## Monitor new conference content

Be timely updated of the most relevant new content from your favorite congresses.

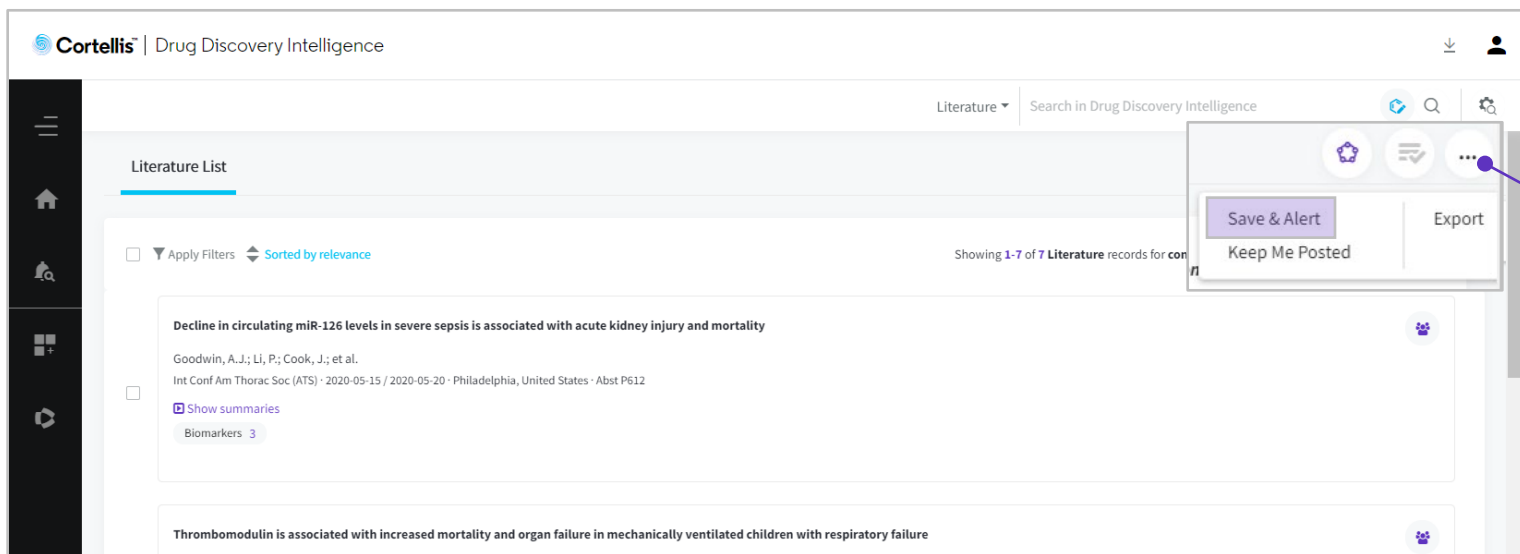

1. From the landing page, you can access current conferences that are covered by Cortellis. Click on a conference of interest.

The screenshot shows a 'Conferences' section with three entries:

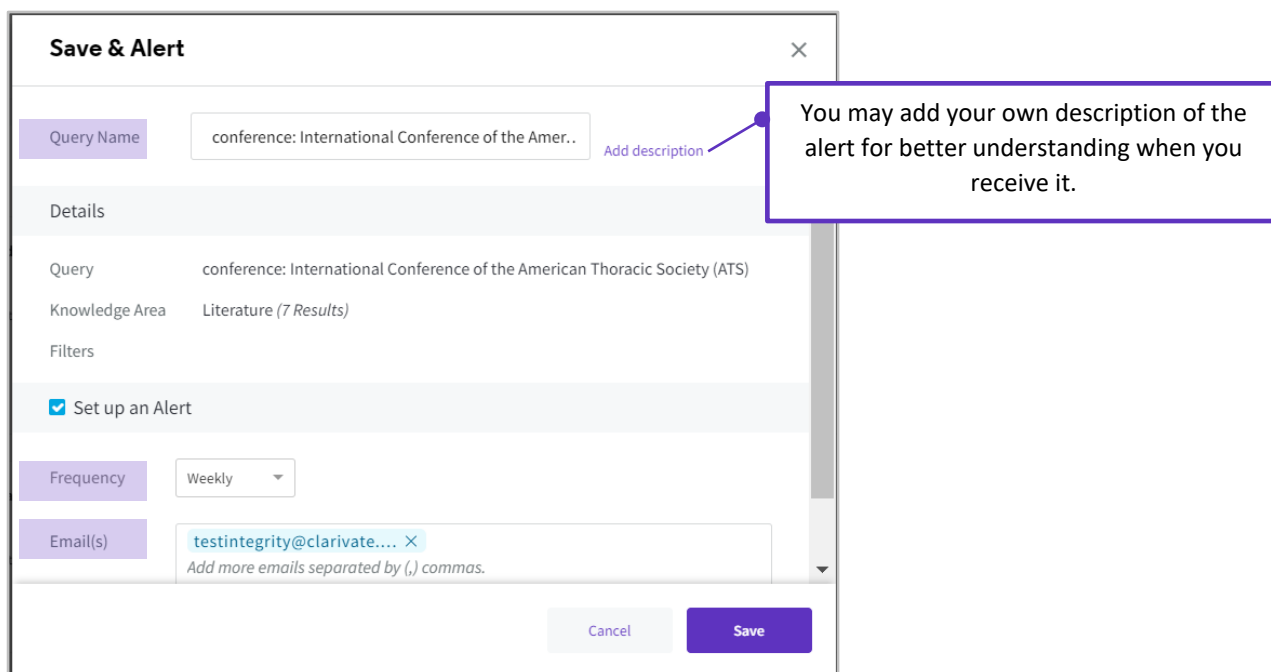

- International Conference of the American Thoracic Society (ATS)**  
May 15-20, 2020 - Philadelphia
- 23rd Annual Meeting American Society of Gene Cell Therapy (ASGCT)**  
May 12-15, 2020 - Boston
- 104th Annual Meeting of the American Association of Immunologists (AAI)**  
May 8-12, 2020 - Honolulu

2. The conference results page shows all the sessions that we've highlighted linked to associated knowledge areas within the platform. Go to **Options** and click on **Save & Alert** to monitor new content from that conference.

The screenshot shows the 'Literature List' page in Cortellis. The page title is 'Cortellis | Drug Discovery Intelligence'. The search bar contains 'Search in Drug Discovery Intelligence'. The page shows a list of literature records. The first record is titled 'Decline in circulating miR-126 levels in severe sepsis is associated with acute kidney injury and mortality' by Goodwin, A.J.; Li, P.; Cook, J.; et al. The record is sorted by relevance and shows 3 biomarkers. A 'Save & Alert' button is visible in the top right corner of the record card.

3. In your **Save & Alert** pop up be sure to check the default **Query Name** and edit it if you'd like. Also, set up the **Frequency** of the alert (daily, weekly, every 4 weeks) and share it with colleagues who might be interested by adding their **Email(s)**.
