

# Cortellis Clinical Trials Intelligence

Follow Press Releases to see whether companies have suspended their clinical operations or their patient enrollment

1. Type **COVID-19 AND (delay OR halt OR pause OR postpone OR reschedule)** in the Quick Search box and click the **Full Text** search button  
  
\*For this example we are using Covid-19, you can use any indication of interest  
  
e.g.  
  
"HIV infection" AND (delay OR halt OR pause OR postpone OR reschedule)
2. Under **Report Type** (on the left panel), switch to **Press Releases**, then click the **Show all Filters** link below Primary Companies.
3. Under **Focus\***, select **Clinical Trial Announcements**, **Clinical Trial Results**, and **Clinical Trial Amendments**. For **Publication Date**, define a From date of January 1, 2020 and leave the To date blank. Apply the filters.  
  
\*Other **Focus** options that may mention the impact on business or clinical operations are **Operations** and **Financial Results**.  
  
\*\* Optional Filters: You may also filter Press Releases for a Company or Indication of interest.
4. On the Search Results page, click **Show hit fields\*** to view where the search terms appear in each report. Use the **Save and Alert** feature to receive email notifications.
