# 如何查詢 COVID-19 疫苗全球在研 pipeline

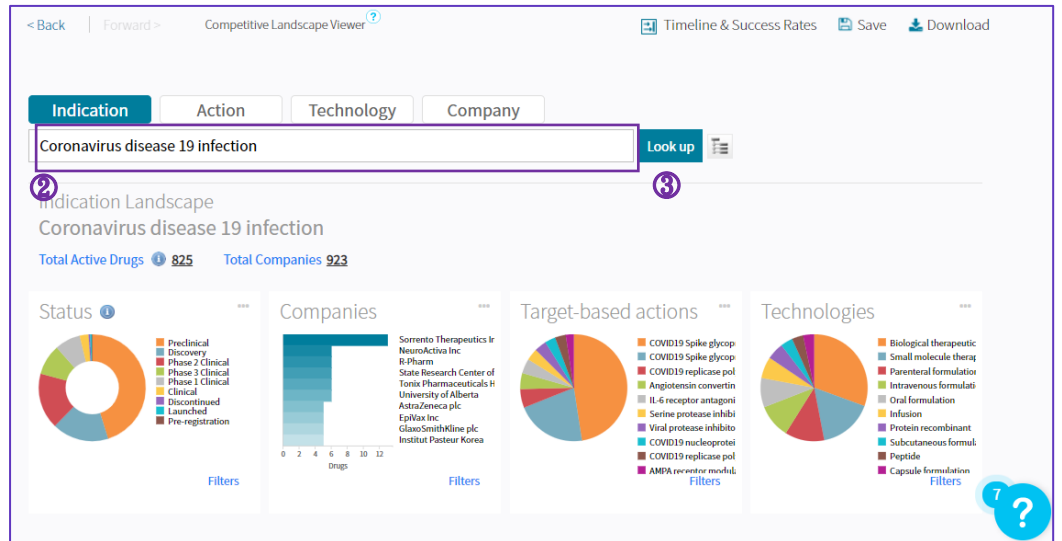

您可以透過科睿唯安 Cortellis 資料庫，競爭全景概覽(competitive landscape viewer)查找藥物。具體操作如下：

1. 登入 Cortellis 後，點選 ①處 [Competitive landscape viewer](#)，進入競爭全景概覽頁面。

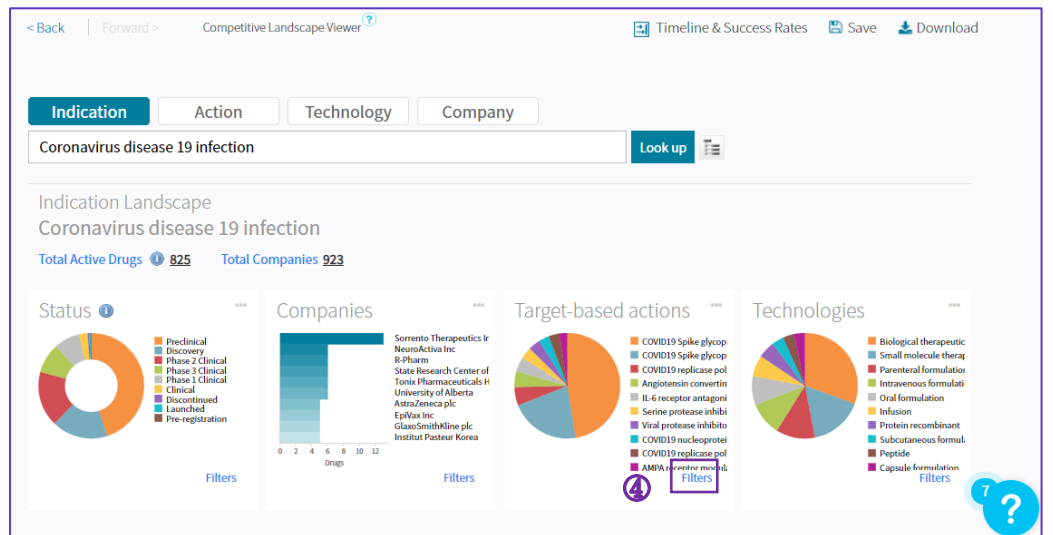

The screenshot shows the Cortellis Competitive Intelligence dashboard. At the top, there is a search bar with the text "Search Cortellis" and buttons for "Index Q" and "Full Text Q". Below the search bar, there are links for "Advanced search", "Structure search", and "Search history". The main content area is titled "Competitive Intelligence" and features a sidebar on the left with categories like "Drugs", "Literature", "Patents", and "Patent gazette". The central panel displays "Drugs" with filters for "From" (04/08/2020), "To" (11/08/2020), and "Status" (Launched). A list of drugs is shown: remdesivir, remimazolam, abatacept, and favipiravir. To the right, there is a donut chart titled "Active drugs coverage by highest status" with a legend for Discovery, Preclinical, Clinical, and Approved. A circled "1" points to a "Competitive landscape viewer" button in the "Analysis" section on the right.
