

Buyers: Getting Started with Cortellis Supply Chain Network

Cortellis Supply Chain Network is a digital partnering solution where buyers and sellers can connect and negotiate deals. Users responsible for procurement, sourcing or supply chain management can identify and evaluate potential suppliers, send enquiries and Request for Quotes (RFQs) and manage incoming Quotes directly on the platform.

There are two levels of subscription: 'Instant Access' which is a free version providing users with access to limited content and functionality and Cortellis Supply Chain Network Premium which is available to Cortellis Generics Intelligence Premium subscribers or to anyone who wishes to upgrade.

There are additional guides available to help Sellers get started and more.

Example: Find API suppliers for acyclovir and submit a Request for Quote.

1. Log into Cortellis Supply Chain Network.
2. Ensure "Products" is selected and type "acyclovir" into the search bar.

The screenshot shows the Cortellis Supply Chain Network search interface. At the top, a purple banner reads "Make more connections with unlimited insights and usage. Upgrade to Premium". Below this, the header includes "Cortellis Supply Chain Network", a user profile for "Beth Wise", and a status indicator "Your company request is being processed". The main content area is titled "Source and supply pharmaceutical ingredients and products globally" and has tabs for "Products" and "Suppliers". A search bar contains the text "acyclovir". A dropdown menu shows "Products" with 8 matches, listing various acyclovir formulations. At the bottom, there are four category buttons: "APIs", "Excipients & Intermediates", "Finished Dose Forms", and "Contract Manufacturers".

Callouts in the image:

- Freemium subscribers may upgrade to Premium at any time.
- Your company name will appear here once your account is verified.

- Premium subscribers can view all manufacturers of the API in the search results, filter to pinpoint API suppliers by location, API Manufacturing Status, and more. See the Guide on the API Manufacturing Status for more information on this proprietary analytic that allows you to quickly ascertain the level of production for each supplier.
- The blue icon in front of company name indicates it has active users on Cortellis Supply Chain Network, so you'll be able to submit an enquiry or RFQ. Plus these results appear higher for your convenience.

! To receive another Quote, Buyer needs to send another RFQ

Floyd Miles | Pfizer 8 Nov, 2022 10:12 am FM

Hello,
I would like to order 23 kg of this product. Could you please make me an offer with a discount 10%?

John Smith | Novartis 08/01/2021 02:31 pm AF

Hello mr. Miles,
Of course, we can. We will create a proposition in three hours.
