

Sellers: Getting Started with Cortellis Supply Chain Network

Cortellis Supply Chain Network is a digital partnering solution where buyers and sellers of pharmaceutical ingredients, products and services connect and negotiate deals. Users responsible for sales and business development can benefit from improved visibility to a global digital audience, respond to enquiries and requests for quotes directly from within the platform and identify and evaluate potential customers and competitors.

There are two levels of subscription: 'Instant Access' which is a free version providing users with access to limited content and functionality and Cortellis Supply Chain Network Premium which is available to Cortellis Generics Intelligence Premium subscribers or to anyone who wishes to upgrade.

There are additional guides available to help Sellers get started and more.

Example: Update your company page to attract the right buyers and respond to enquiries and Requests for Quotes.

1. Log into Cortellis Supply Chain Network.
2. Click your company name in the upper right-hand corner of the screen.
3. Select Update My Company Page

4. Update your company's Address, Subsidiary Type, Manufacturing Capabilities, Products and more.
