

# Derwent™ QUICK REFERENCE CARD

## How to find Pending Applications with no corresponding Grant

Use this Quick Reference Card to identify pending only applications in Derwent Innovation, where there is no corresponding issued patent.

**\*\*Note:** these applications may also be **abandoned**, consider the **Dead/Alive data** or **pendency duration** in your results for greater accuracy.

### 1 Choose Patent Collections to Search including both Applications & Grants

Patent collections ⓘ

DWPI × Europe (EP) × United States × [Change collections](#)

Also search DWPI for selected collections

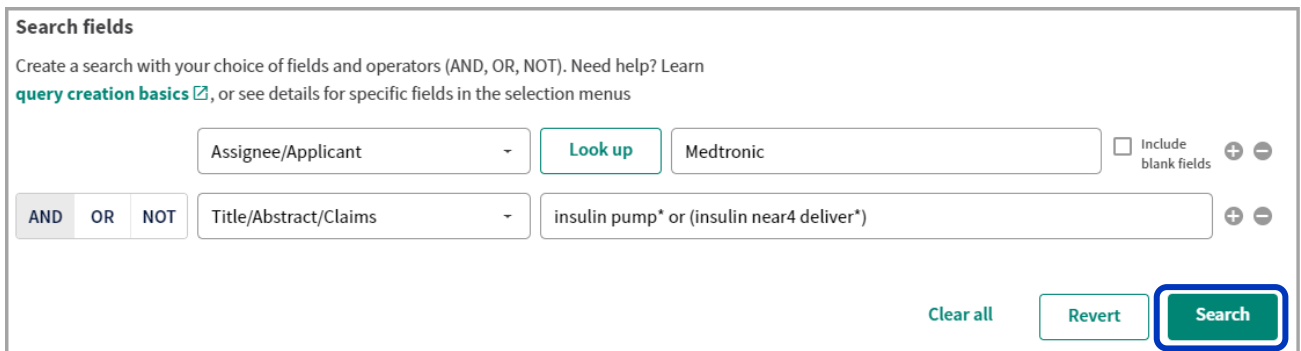

COUNTRY/REGION/AUTHORITY	APPLICATIONS	GRANTS	UTILITY MODELS
<input checked="" type="checkbox"/> United States	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
▶ Europe	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

[Select All](#) [Cancel](#) [Apply](#)

**Pro Tip:** Check the **Also search DWPI for selected collections** checkbox to retrieve highly relevant results within our curated Derwent World Patents Index content.

### 2 Perform a Search and load Result List

**Pro Tip:** You can also retrieve a list of patents from a **Work File** or using a **Publication Number** search

Search fields

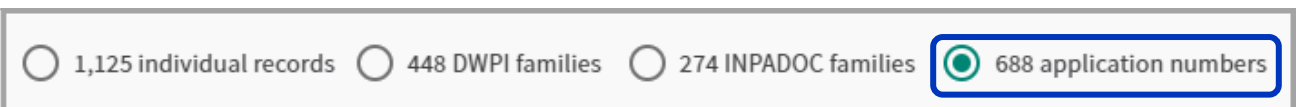

Create a search with your choice of fields and operators (AND, OR, NOT). Need help? [Learn query creation basics](#), or see details for specific fields in the selection menus

Assignee/Applicant - [Look up](#) Medtronic  Include blank fields + -

AND OR NOT Title/Abstract/Claims - insulin pump\* or (insulin near4 deliver\*) + -

[Clear all](#) [Revert](#) [Search](#)

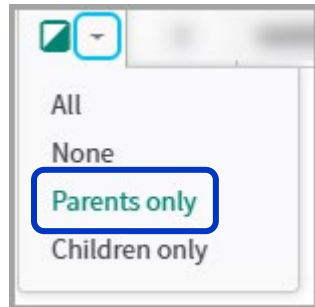

### 3 Perform a Select the Application Number radio button above the Result List

1,125 individual records  448 DWPI families  274 INPADOC families  688 application numbers

## 4 Confirm Selection of Collapsed view of results & save records to Work File

**Pro Tip:** The Collapsed View is typically the default selected setting in Derwent Innovation.

Make necessary changes if you see a solid checkbox  at the top of your result list.

<input checked="" type="checkbox"/>	#	MARK	PDF	PUBLICATION NUMBER	DRAWINGS	ASSIGNEE/APPLICANT	TITLE	PUBLICATION DATE	DWPI TITLE	RELEVANCY	COUNT OF CITING REFS-PATENT	ESTI
<input checked="" type="checkbox"/>	1			US6558351B1		MEDTRONIC MINIMED INC	Closed loop system for controlling insulin infusion	2003-05-06	Closed loop infusion system for controlling blood glucose concentration in human body, generates command signal for insulin injection based on sets of controller gain corresponding to patients glucose concentration	8	1840	0 year
<input checked="" type="checkbox"/>	2			US6011984A		MINIMED INC	Detection of biological molecules using	2000-01-04	Implantable amplification for monitoring of analytes such as glucose comprises polymer matrix and	3	913	0 year

Records selected: 2

Toolbar: Analyze records, Edit Custom Fields, Watch records, Create order, **Save records**, Set alert, Save search, Export, Print

## 5 Save Records to a New Work File

### Save records

Save the selected record(s) to a new or existing work file, like Marked list.

Additional save & share options

# Derwent™ QUICK REFERENCE CARD

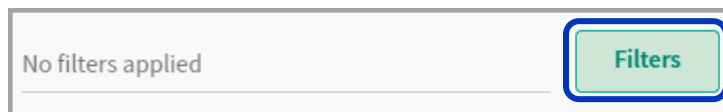

## 6 Access the Work File from your Saved Work drop-down menu

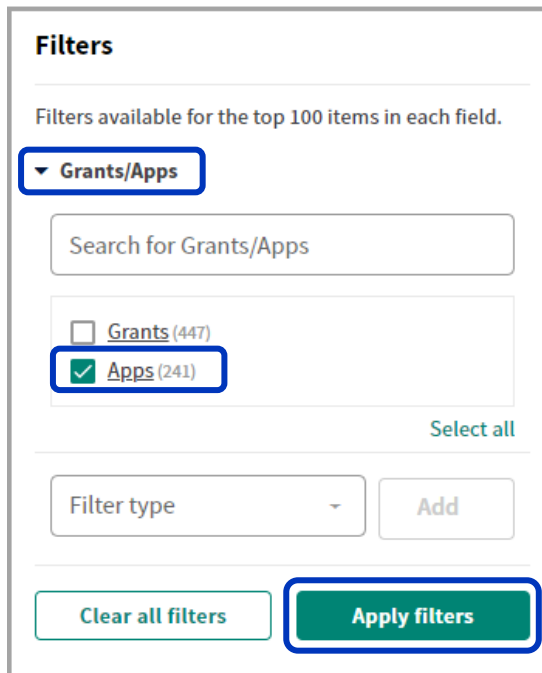

The screenshot shows the top navigation bar with 'SEARCH', 'SEARCH HISTORY', and 'SAVED WORK' (highlighted with a blue box). The 'SAVED WORK' dropdown menu is open, listing various options: 'Marked list-Patent', 'Marked list-Literature', 'Searches, alerts, search templates', 'Search histories', 'Work files' (highlighted with a blue box), 'Watched records', 'Export templates', 'Charts', 'Text clusters', 'ThemeScape maps', 'Personal folders', and 'Public folders'. Below the menu, the 'Work files' section is visible, featuring a search bar with 'Common Text Fields' selected, a search button, and an 'Include annotations' checkbox. It shows '0 items selected' and dates 'Created: 2018-06-19' and 'Modified: 2018-06-19'. A 'Manage' dropdown and 'Exports & reports' link are also present. A table below has columns for 'NAME' and 'DATE MOD'. One row is visible: 'Insulin Pump Collapsed by App' with a date of '2020-12-06' and a value of '688'. There are icons for refresh and print at the bottom right of the table.

## 7 In the Work File, click on Filters and select Apps in the Grant/Apps filter.

The filtered Work File will then display Patent Applications with no corresponding Grant.

A box containing the text 'No filters applied' and a green 'Filters' button with a blue border.

The 'Filters' panel shows 'Filters available for the top 100 items in each field.' Below this is a dropdown menu for 'Grants/Apps' (highlighted with a blue box). A search bar for 'Grants/Apps' is present. Underneath, there are two options: 'Grants (447)' with an unchecked checkbox and 'Apps (241)' with a checked checkbox (highlighted with a blue box). A 'Select all' link is to the right. Below these are 'Filter type' and 'Add' buttons. At the bottom, there are 'Clear all filters' and 'Apply filters' (highlighted with a blue box) buttons.

### Pro Tip:

For a list of **BOTH** Granted patents and Applications without a corresponding grant, do not apply the Filters.
