## Specific Issues

Issue Description	Current Status (Open, Closed, I/P)	Disposition (Planned, Deferred, I/P)	Remediation Timeline	Available Workarounds	Comments
Some PDFs are made from scanned images and do not have text alternatives. (1.1.1)	Open	I/P	Ongoing		If you have difficulty accessing this content, you can contact our support services. We will respond within three days and will work with you to identify the best option for remediation, subject to content licensing restrictions and technical capability.
In eLibrary, synchronized captions and audio descriptions for video/audio content are not provided. (1.2.2, 1.2.5)	Open	I/P	TBD	Transcripts, descriptions, keywords, other metadata	A small portion of eLibrary content is in video format. Transcripts may be provided for video content, but synchronized captions are typically not provided.

Issue Description	Current Status (Open, Closed, I/P)	Disposition (Planned, Deferred, I/P)	Remediation Timeline	Available Workarounds	Comments
The site is not coded to identify changes to language in the content. (3.1.2)	Open	Deferred	n/a		Predominantly English. Very small percentage of overall documents.
For the Lexile Score input boxes on the Advanced Search page, there is no visual indication of what the accessible name might be. (2.5.3)	Open	Planned	H2 2026		

### Additional Information
