

Leganto Accessibility Development Plan

About this Document:

Ex Libris, part of Clarivate, recognizes the importance of making our products and services accessible to everyone. We are committed to identifying and addressing accessibility gaps as a top priority. The goal of this document is to provide you with additional information about the items listed as "Partially supported" in our most recent Voluntary Product Accessibility Template (VPAT) and to keep you informed about expected timeline to close the listed accessibility gaps. Please note that the timeline provided below reflects our best estimate, but the dates are not guaranteed.

1.1.1 Non-text Content (Level A)

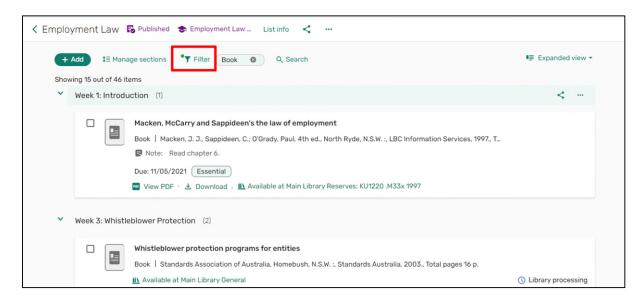

Remark: The decorative image is not hidden from screen readers in the "Select Existing List Page", "Import References" and "List Page - Add Item" pages.

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

1.1.1 Non-text Content (Level A)

Remark: Informative CSS image is missing text alternative in the "Filter Pop-up" page.

More information: Refers to the dot indicating that the list is filtered. Also appears when filtering the My lists or All lists search.

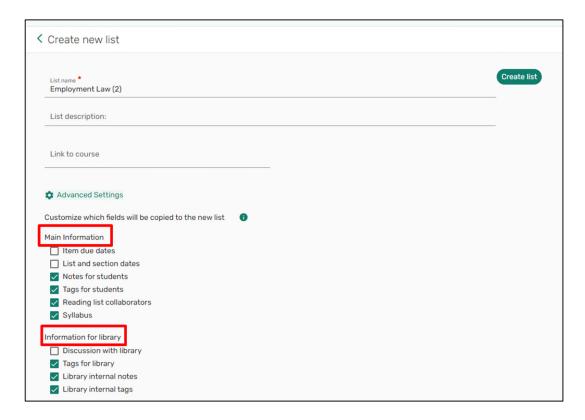

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

1.3.1 Info and Relationships (Level A)

Remark: Group of checkboxes are not associated with their group labels in the "Duplicate Existing List" page.

More information: Refers to the Advanced Settings checkboxes when duplicating an existing list.

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

1.3.1 Info and Relationships (Level A)

Remark: Certain ARIA roles must contain particular children in the "Blank Form Flow (3 pages)" page.

More information: There is a bug in the Angular 15 component impacting the stepper.

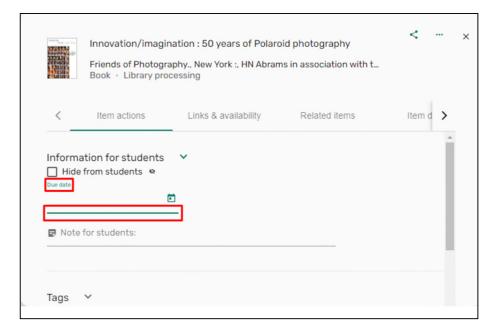

Planned fix date: Pending fix from Angular

1.4.1 Use of Color (Level A)

Remark: Color alone is used to convey info in the "Full View Side Pane - Edit Mode", "Full View Side Pane" pages.

More information: Color alone is used as the focus indicator on the Due Date field

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

2.4.3 Focus Order (Level A)

Remark: Modal is closed, focus is not returned to trigger in the "Language Modal", "Accessibility Modal", "Quick Cite Modal" and "Add New Note Modal" pages.

More information: After closing the pop-ups to for language settings, accessibility settings, the Quick Cite tool and Add new note option, the focus is not returned to trigger.

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

1.4.4 Resize text (Level AA)

Remark: Content is lost at 200% zoom in the, "Header", "Blank Form Flow (3 pages)", "Student - Student List View", "List Details", "Full View Side Pane - Edit Mode" and "List" pages.

Planned fix date: Q3 2025

1.4.10 Reflow (Level AA 2.1 only)

Remark: Content overlaps other content at 320px width equivalent in the "Advanced Search", "Blank Form Flow (3 pages)", "Favorites List Page", "Filter Pop-up", "Full View Side Pane", "Full View Side Pane - Edit Mode", "Header", "Library Search", "List Details Page", "List Page - Add Item", "Lists Page", "Notifications Modal", "Quick Start", "Student - Student List View Page" pages.

Planned fix date: Partially resolved. Remainder estimated for Q3 2025

1.4.11 Non-text Contrast (Level AA 2.1 only)

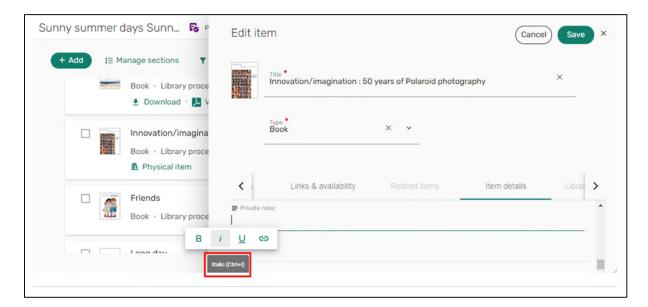

Remark: State of active component lacks 3 to 1 contrast ratio in "Analytics Modal", "Filter Pop-up", "Full View Side Pane", "List Details Page", "Student - Student List View Page", "Library Search", "Advanced Search", "List Page - Add Item", pages.

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

1.4.13 Content on Hover or Focus (Level AA 2.1 only)

Remark: Hover content disappearing in the "Full View Side Pane", "Full View Side Pane - Edit Mode" pages

More information: Remark refers to the feature which enables adding bold, italic, underline and links to the note for students, private note, and description fields. Leganto uses an external party for this functionality. We have reported the issue to the external vendor but they have not yet scheduled the fix.

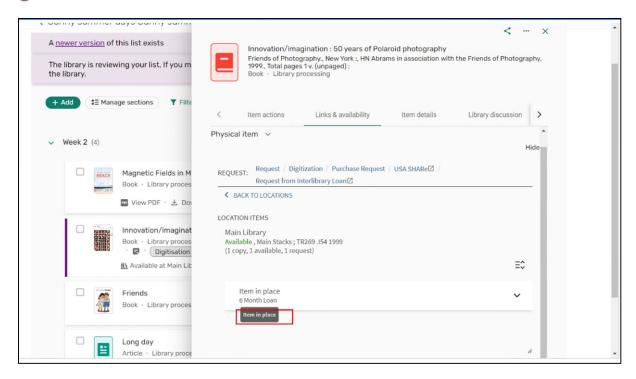

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

1.4.13 Content on Hover or Focus (Level AA 2.1 only)

Remark: Additional content not dismissible in the "Full View Side Pane", "Full View Side Pane", "Full View Side Pane - Edit Mode" pages.

More information: Remark refers to elements within the physical availability iframe: loan period, item status, expand all items, etc.

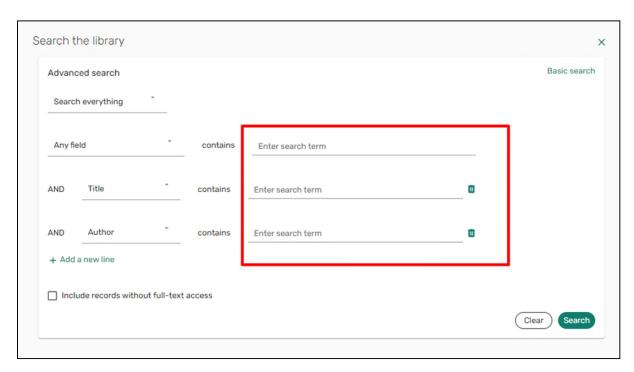

Planned fix date: This will be resolved as part of the development for the Primo Next Discovery Experience. General release is planned for mid-2025.

2.4.6 Headings and Labels (Level AA)

Remark: Programmatic label does not convey purpose of control in the "Advanced Search" page.

More information: Remark refers to the label "Enter search term" which does not change when searching by specific terms (title, author, etc)

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

2.4.7 Focus Visible (Level AA)

Remark: Focus indicator is missing in the "Blank Form Flow (3 pages)" page.

Planned fix date: Resolved. Will be validated in next round of testing with Deque.

4.1.3 Status Messages (Level AA 2.1 only)

Remark: Status message not automatically announced in the "Ask Library for Digital Copies Modal", "Advanced Search", "List Page - Add Item", "Lists", "Blank Form Flow (3 pages)", "Notifications Modal" and "Library Search" pages.

Planned fix date: Q2 2025
