Summary

The following document communicates the planned Accessibility improvements for Leganto in 2026, and their expected timelines for release.

The list of issues below is based on the latest Leganto Conformance Report (WCAG 2.2 AA) which can be found in the [Leganto Accessibility Statement](#). It also includes additional Accessibility defects found by users, customers or internal teams.

New accessibility defects not mentioned in this document should be reported through the [Support Portal](#).

Accessibility Roadmap Items

WCAG Criteria	Issue Description	User	Status	Fix Target	Comments
