## How we help

### Adaptable workflows

Our paralegals adapt to the customer's processes and procedures — not the other way around.

---

### Handle peaks

Peaks and troughs of activity can put a lot of pressure on teams. We have capacity to provide assistance and carry out different types of projects.

---

### Process improvement

Our experienced team and best practices built over the years help customers improve processes to achieve operational excellence.

---

### Project based services

Our team offers a series of IP management solutions to support any project such as data verification or case maintenance inside existing IPMS.

## Speed of implementation

Our paralegals are already trained and ready to hit the ground running.

---

## Quality assurance

We have numerous security measures in place to minimize the risk of errors and help ensure that your valuable data is safe.

---

## Reduce staff workload

Decrease correspondence received and handled, giving clients the opportunity to focus on more substantial, higher value work.

# Clarivate is your partner to unlock the full potential of your IP organization.

## We deliver flexibility and expertise at scale so you can:

### **Increase operational efficiency**

- Find efficiencies and cost savings without compromising on quality.
- Simplify your operations and free your team from administrative matters.
- Unblock your operational bottlenecks.

### **Make the right decisions faster**

- Better understand the IP landscape so you can select the best ideas for protection.
- Make the most informed decisions about your portfolio with competitive benchmarking and portfolio analysis.

### **Decrease your operational risks**

- Decrease mistakes leading to late fees, lengthy reinstatement procedures and loss of rights.
- Mitigate the risk of expertise attrition.
- Clear your backlog of administrative work to ensure there are no hidden risks.
