

Find companies according to their location and capabilities

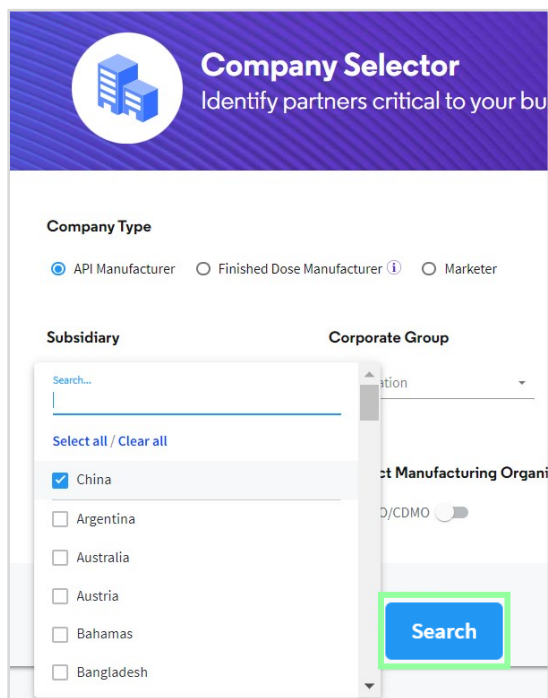

Find your next collaborator or the competitors you need to keep an eye on with just a few clicks

Example: Find API manufacturers in China, recently inspected by the FDA, manufacturing at least 50 API with at least 40 active USA DMFs.

1. Click on the Company Selector tool on the Homepage.

2. Add your criteria to the form. For our example, select China from the country/territory menu and select **Search**.

3. Filter the results and customize your table view using the **filters** and **Customize columns** options.
