# Target Marketers with the Company Selector Tool

Discover how to use the Company Selector Tool: a powerful way to find companies marketing products by therapy area, dose form and markets served.

Example: Find marketers that have launched dermatological creams in Brazil.
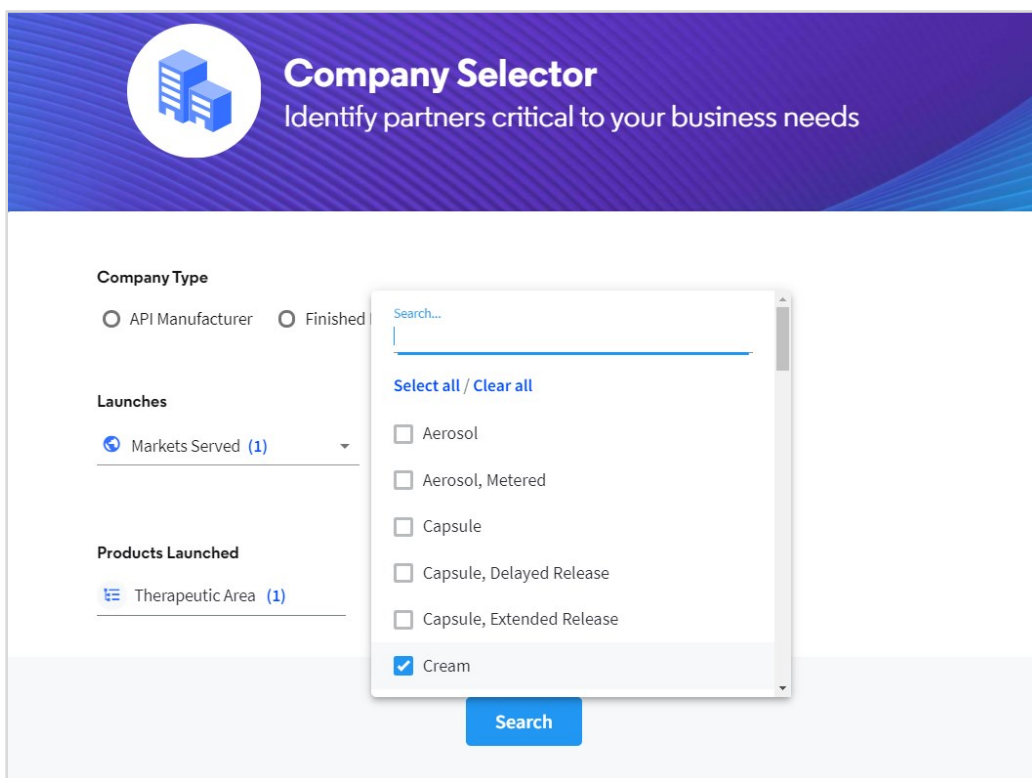

1. Click the **Company Selector** Tool Icon

2. Ensure **Marketers** is selected from Company Type
3. Open the **Markets Served** menu and choose **Brazil** from the list
4. Open the **Launched Dose Forms** menu and choose **cream**
5. Open the **Therapeutic Area menu** and choose **D - Dermatologicals**

From the results page click the Corporate Group Names to link to the Company Records and find out more.
