But don't take our word for it. See what our customers have to say.<sup>1</sup>

<sup>1</sup>All data derived from TechValidate Techstreet Enterprise Customer Survey, 2018 to 2019.

**"In a time that our company is focused on service quality, compliance, and saving money, Techstreet has proven itself to be a valuable partner and is aligned to our company values."**

**Systems Administrator,  
Weatherford International Ltd.**

## Standards management challenges

### Struggling to maintain access, compliance, and insight in a constantly evolving landscape

We surveyed engineers, librarians, and technical professionals about their most significant pain points related to standards usage and management. Top challenges include:

# 76%

of customers stated that staying on top of the latest standards / reducing compliance risk was their biggest challenge.

## Techstreet's impact

### One powerful, easy-to-use platform ...

Techstreet Enterprise™ is a smart and easy way to access vital industry standards and related documents across the organization, helping you ensure the compliance of your products and processes. 85% of customers cited the user-friendly interface of Techstreet Enterprise as a major factor in their purchase decision. Impactful features include:

**"Best system I have seen to keep up to date on industry standards and notifications for updates."**

**System Administrator,  
Oil States Industries, Inc.**

... paired with unrivaled dedication to customer satisfaction ...

# 22%

of customers reported that a main driver for adopting Techstreet Enterprise was poor service from another provider.

... results in smarter standards management for organization-wide success.

86% of customers agree that Techstreet Enterprise fundamentally improved organizational use and management of standards. Here's how:

Return on investment in first year of use		77%
Easier tracking and management of subscriptions		73%
Expanded access to standards across the organization		69%
Saved time		52%
Increased visibility into and control over usage		51%
Reduced redundant purchases		49%

**"Our global teams now access the same, updated standards from almost anywhere. Making standards information consistent and more reliable means more compliant products, designed faster, with less effort."**

Engineer, GEA
