Reliable trademark data
Make confident risk assessments based on quality data. Our dedicated quality team reviews data from trademark sources worldwide to identify and correct errors, so you can act with certainty.

Industry-leading expertise
With 17 years’ average experience, our Watch Analysts have the expertise to develop a tailored watch strategy for your specific needs.

Global depth and breadth
Watch your marks in more than 250 countries and territories across 190+ official trademark registers, including emerging markets other providers may overlook. We take the time to present data in a consistent format – additional work others do not perform.

Efficient delivery
We deliver actionable information when you need it, so you can act quickly to protect your brands.

Fast, efficient watch management
Get more done in less time, with less effort. Simplify and speed every aspect of your trademark watching by analyzing hits in the online CompuMark platform
