Sustainability sits at the heart of our business strategy.

We are committed to ensuring integration throughout our value chain in helping to advance a more sustainable and healthier world. This includes acting with care, operating ethically and efficiently, and partnering with others to accelerate progress and innovation in creating the world we all want today, and for future generations. Our shared purpose guides every decision we make in order to improve social, economic and environmental issues worldwide.

Recognizing that sustainability and ESG are a modern-day business imperative, and critical to the Company’s future success, we aspire to become a recognized leader in sustainability, to be listed on Dow Jones Sustainability Index and become carbon neutral by 2024.

Environment
- Operating eco-efficiently with care for the planet and natural resources.

Social
- Building a diverse and inclusive culture of belonging where all colleagues can thrive and grow, and engaging with impact in building strong communities and partnerships.

Governance
- Maintaining the highest level of trust, transparency and ethics in all we do.
